171															
172	RATING	1	Few plants in only 1 or a few locations - used to record the fact that a plant or specific species was found.												
173		2	Few plants, but with a wide patchy distribution. Small number of plants on rake head.												
174		3	Plants growing in large patches, codominant with other plants. More plants than 2, but fewer than a full rake head.												
175		4	Plants in nearly monospecific patches, dominate. Full rake head.												
176		5	Thick growth covering area. Plants falling off rake head.
